

Alcohol Ink Classes Basic Supply List

Required:

- Alcohol Inks (will vary per class)
- Ranger Alcohol Blending Solution
- Isopropyl Alcohol--91% or more, available at any pharmacy or grocery store
- to hold alcohol: best: a precision tipped bottle, such as an empty Alcohol Blending Solution bottle (small or large); alternative--a pipette or eye dropper and a small, stable dish
- Tim Holtz Mini (Round) Applicator Tool
- Ranger Alcohol Ink Mini Blender Felts
- non-porous work surface--smooth tempered glass such as Tim Holtz Media Mat is perfect, but a 12"x12" piece of thick acetate with a piece of white cardstock taped in behind makes a great portable work surface. Ranger non-stick craft mat will work, but be aware it will stain.
- double sided tape
- paper towel
- pointy scissors (recommended--no-stick coating)

Optional Supplies:

- small divided container to hold Alcohol Ink bottles while open so they don't tip over
- Non-stick craft mat
- Ranger Heat Tool
- Tim Holtz Alcohol Ink Storage Tin
- unscented baby wipes

Student Supply List for Alcohol Ink Technique Class Tags 6 to 10

Instructor Anne Huber

Required Supplies:

- Items from **Alcohol Ink Classes Basic Supply List**, plus:
- three or more colours of Ranger Alcohol Inks (*not* Lights, Mixatives, or Pearls)
- (I used: Stream, Wild Plum, Butterscotch, Limeade, Purple Twilight, Sailboat Blue, Coral, Dandelion, Mermaid, Watermelon, Botanical, Indigo, and Teakwood)
- 1 round Blender Foam for Mini Blending Tool
- 1 Mini Mister filled with 91% or 99% Isopropyl Alcohol (funnel available in class)
- a precision tipped bottle to hold 91% or 99% Isopropyl Alcohol (hole the same size as or smaller than an Alcohol Ink bottle)
- Ranger Alcohol Lift-Ink Stamp Pad
- Ranger Alcohol Lift-Ink Reinker
- stylus with small tip
- pen or pencil to take notes
- three sided low barrier (about 3") to block overspray

Strongly recommended:

- Ranger Alcohol Ink Palette
- small divided container to hold Alcohol Ink bottles while open
- canned air (I find Costco to be the best deal for this); I'll have straws to hand out, but canned is easiest.
- If you have pretty nail polish, I recommend you bring a pair of gloves to wear.

Optional Supplies:

- silicon tools
- Ranger Alcohol Ink Tool Set (Includes brushes and a Mini Mister)
- lazy susan
- for extra experimenting: acetate, Yupo, Tim Holtz Alcohol Ink Foil Sheets, silver foil cardstock
- Tim Holtz Alcohol Ink Storage Tin
- **unscented** alcohol based hand sanitizer (available at Dollarama)
